DOCUMENTS OF THE BIOLOGY BRANCH OF FAO FISHERIES DIVISION

Documents which are not official FAO publications are issued in several series. They are given a restricted distribution and this fact should be indicated if they are cited. Most of them are prepared as working papers for meetings, or are summaries of information for use of member governments, organizations, and specialists concerned.

DOCUMENTS DE LA SOUS-DIVISION DE LA BIOLOGIE DE LA DIVISION DES PÊCHES DE LA FAO

Des documents qui ne figurent pas parmi les publications officielles de la FAO sont publiés dans diverses séries. Ils font seulement l'objet d'une distribution restreinte; aussi convient-il de le préciser lorsque ces documents sont cités. Il s'agit le plus souvent de documents de travail préparés pour des réunions, ou de résumés d'information à l'intention des gouvernements des pays membres, ainsi que des organisations et spécialistes intéressés. Ces séries sont les suivantes:

DOCUMENTOS DE LA SUB-DIRECCION DE BIOLOGIA DE LA DIRECCION DE PESCA DE LA FAO

Esta Subdirección publica varias series de documentos que no pueden considerarse como publicaciones oficiales de la FAO. Todos ellos tienen distribución limitada, circunstancia que debe indicarse en el caso de ser citados. La mayoría de los títulos que figuran en dichas series son documentos de trabajo preparados para reuniones o resúmenes de información destinados a los estados miembros, organizaciones y especialistas interesados.

FAO Fisheries Report	**FIb/R (No.)**
FAO Fisheries Circular	**FIb/C (No.)**
FAO Fisheries Synopsis	**FIb/S (No.)**

Special groups of synopses are identified by symbols followed by classification numbers based on indexed code of " Current Bibliography ":

SAST	Data concerning certain species and fish stocks.
MAST	Information on methods and subjects.
OT	Oceanographic data.
IT	Limnological data.
	and
CART	Information concerning fisheries and resources of certain countries and regions (FID/S).

Des catégories spéciales d'études sont identifiées à l'aide de symboles suivis des chiffres de classification basés sur le code d'indexation de la « Current Bibliography »:

SAST	Données sur certaines espèces et populations de poissons.
MAST	Renseignements sur des méthodes et des sujets.
OT	Données océanographiques.
IT	Données limnologiques.
	et
CART	Renseignements sur les pêcheries et les ressources de certains pays et régions (FID/S).

Grupos especiales de sinopsis se distinguen con las siglas siguientes, seguidas por números de clasificación que se basan en las claves de los índices de la « Current Bibliography »:

SAST	Datos relativos a ciertas especies y poblaciones.
MAST	Sinopsis sobre métodos y materias.
OT	Sinopsis sobre oceanografía.
IT	Sinopsis sobre limnología.
	y
CART	Información sobre los recursos acuáticos vivos de algunos países y regiones (FID/S).

FAO Fisheries Technical Paper **FIb/T (No.)**

Special groups of technical papers are identified by:

RE	Indexed lists of experts and institutions drawn from registers maintained by the Fisheries Biology Branch.
CB	Lists of periodicals, special sections of " Current Bibliography for Aquatic Sciences and Fisheries, " special bibliographies and papers concerning documentation problems.
MFS	Provisional editions of FAO Manuals in Fisheries Science.

Some documents also have another identification, if, for example, they have been contributed to a meeting for which papers have been numbered according to another system.

Des catégories spéciales de documents techniques sont identifiées à l'aide des symboles suivants:

RE	Listes indexées d'experts et institutions tirées des registres tenus à jour par la Sous-Division de la Biologie.
CB	Listes de périodiques, des sections spéciales de la « Current Bibliography for Aquatic Sciences and Fisheries », des bibliographies particulières et des articles sur les problèmes de documentation.
MFS	Editions provisoires des « Manuels FAO de la science des pêches ».

Certains documents portent parfois d'autres numéros d'identification, par exemple s'ils ont été préparés pour une réunion dont les documents ont été numérotés selon un autre système.

Grupos especiales de documentos técnicos se identifican por las siglas siguientes:

RE	Listas índices de expertos y de instituciones tomadas de los registros que se llevan en la Subdirección de Biología.
CB	Listas de periódicos, secciones especiales de la « Current Bibliography for Aquatic Sciences and Fisheries », bibliografías especiales y trabajos relativos a los problemas de documentación.
MFS	Ediciones provisionales de los « Manuales FAO de la Ciencia de la Pesca ».

Algunos documentos tienen también otra identificación si, por ejemplo, son contribuciones a una reunión cuyos documentos han sido marcados con arreglo a otros sistemas.

PREPARATION AND ARRANGEMENT OF THIS DOCUMENT

This is the second supplement to the first Volume of the "World List of Periodicals for Aquatic Sciences and Fisheries". In it are listed the titles and short forms of periodicals which have come to our attention since Supplement 1 was issued, in November 1963.

The rules for the arrangement and abbreviation of titles are described on Volume 1, pages ii. to vi., and Supplement 1, pages ii. to v., except as follows.

1. Insertion of a new title the alphabetical order of which is between a title listed in Volume 1 and one listed in Supplement 1 is indicated as in the following example:

00503	original entry in Volume 1
00503.1	new entry in first supplement
00503.01	additional entry in second supplement

2. Starting from the present supplement we shall follow the new rules for the arrangement and abbreviation of titles adopted in the fourth edition of the "World List of Scientific Periodicals" (Butterworths, London, 1963). However, since only one volume of the same edition, covering titles beginning with letters from A to E, has been published to date, the new rules have for the time being been applied only to titles entered in our list under those letters. The abbreviation and arrangement of the titles under letters F to Z will remain unamended pending complete revision of our list after all the volumes of the fourth edition of the "World List of Scientific Periodicals" have been issued.

3. As stated in the introduction to Supplement 1, this second supplement includes periodicals listed in the first part of the "Worldwide List of Titles (Both Current and Ceased) with Selected Descriptive Information" (Document 11-63, August 1963), published by the Biological Sciences Communication Project of the George Washington University. The inclusion of such titles will be completed in the third supplement from the additional information contained in the "BSCP Communiqué" (Document 18-64, August 1964).

PREPARATION ET PRESENTATION DU PRESENT DOCUMENT

Le présent document est le deuxième supplément au premier volume du "Répertoire mondial de périodiques concernant les sciences aquatiques et la pêche". On y trouve les titres des périodiques pris en considération depuis la parution du Supplément 1 (novembre 1963) et les abréviations de ces titres.

Les règles suivies pour le classement et l'abréviation des titres sont exposés aux pages ii. à vi. du Volume 1 et aux pages ii. à v. du Supplément 1, avec les exceptions ci-après.

1. L'incorporation d'un nouvel élément devant s'insérer, dans l'ordre alphabétique, entre un titre du Volume 1 et un titre du Supplément 1 est indiqué comme suit:

00503	première rubrique (dans le volume 1)
00503.1	nouvelle rubrique (Supplément 1)
00503.01	indication complémentaire figurant dans le Supplément 2

2. A partir du présent supplément, le classement et l' abréviation des titres sont conformes aux nouvelles règles adoptées pour la quatrième édition de la "World List of Scientific Periodicals" (Butterworths, Londres, 1963). Toutefois, étant donné qu'il n'est paru jusqu'ici qu'un seul volume de cette publication (couvrant les titres commençant par les lettres A à E), la nouvelle marche n'a été suivie que pour les titres classés dans le Répertoire sous ces initiales. Pour ceux qui doivent être répertoriés sous les lettres F à Z, les abréviations et le classement demeureront inchangés jusqu'à la révision complète du Répertoire, qui aura lieu après la publication de tous les volumes de la quatrième édition de la "World List of Scientific Periodicals".

3. Comme l'indique l'introduction au Supplément 1, figurent dans le présent Supplément 2 les périodiques inclus dans la première partie de la "Worldwide List of Titles (Both Current and Ceased) with Selected Descriptive Information" (Document 11-63, août 1963), publiée par le "Biological Sciences Communication Project" de l'Université George Washington. Cette énumeration sera développée, dans le troisième supplément, grâce aux renseignements complémentaires figurant dans le "BSCP Communiqué" (Document 18-64, août 1964).

CONTENIDO Y DISPOSICION DE ESTE DOCUMENTO

Este es el segundo suplemento del Volumen 1 de la "Lista Mundial de Publicaciones Periódicas Referente a las Ciencias Acuáticas y a la Pesca". En él se enmumeran los títulos, y su forma abreviada, de los periódicos de cuya publicación hemos sido informados desde que apareció el primer suplemento, en noviembre de 1963.

Las reglas para la disposición y abreviatura de los títulos son las descritas en el Volumen 1, página ii. a vi., y en el primer suplemento, páginas ii. a v., con las excepciones siguientes.

1. En la inserción de un título nuevo, el orden alfabético del mismo estará entre un título incluído en el Volumen 1 y otro del primer Suplemento, como puede verse por el ejemplo siguiente:

00503	inclusión original en el Volumen 1
00503.1	inclusión nueva en el primer suplemento
00503.01	inclusión adicional en el segundo suplemento

2. A partir del presente suplemento, seguiremos las nuevas reglas para la disposición y abreviatura de títulos adoptadas en la Cuarta Edición de la "World List of Scientific Periodicals" (Butterworths, London, 1963). Sin embargo, como hasta la fecha sólo se ha publicado un volumen de dicha edición, incluyendo los títulos que comienzan con letras de la A a la E, las nuevas reglas serán aplicadas por el momento sólo a los títulos de nuestra lista que comienzan por dichas letras. Las abreviaturas y disposición de los títulos de la F a la Z no se modificarán por el momento, quedando pendiente la revisión completa de nuestra lista para cuando todos los volúmenes de la Cuarta Edición de la "World List of Scientific Periodicals" hayan sido publicados.

3. Como ya se dijo en la introducción al primer suplemento, este segundo suplemento incluye periódicos elencados en la primera parte de la "Worldwide List of Titles (Both Current and Ceased) with Selected Descriptive Information" (Documents 11-63, Agosto 1963) publicado por el proyecto de comunicaciones entre estudiosos de ciencias biológicas (Biological Sciences Communication Project) de la Universidad George Washington. La inclusión de dichos títulos se completará en el tercer suplemento, partiendo de la información adicional contenida en el "BSCP Communiqué" (Documento 18-64, Agosto 1964).
